

6 Easy Steps to Add a User as an Owner to Google Search Console

Step 1: Visit <https://www.google.com/webmasters/>

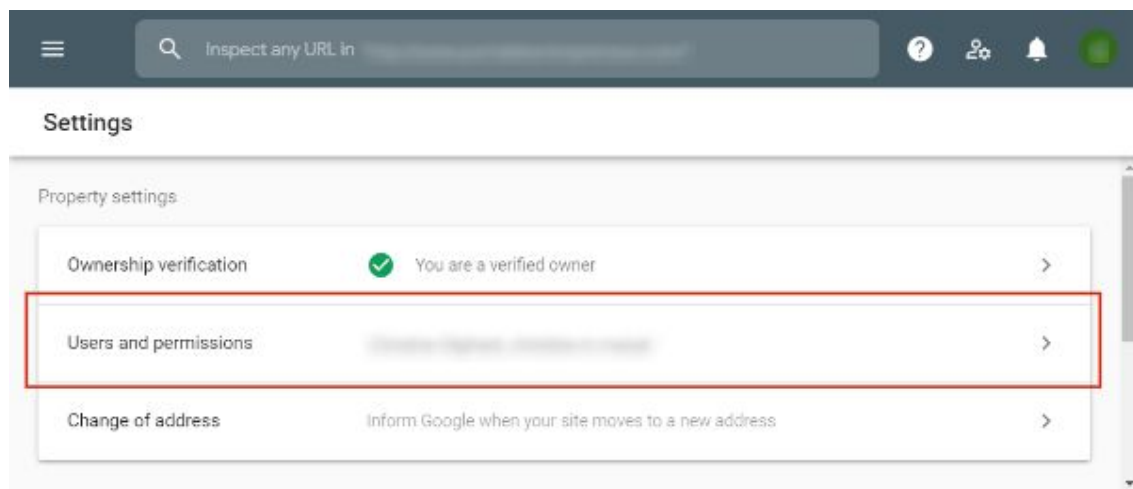

Step 2: Click 'Sign In' in the upper right hand corner and sign in

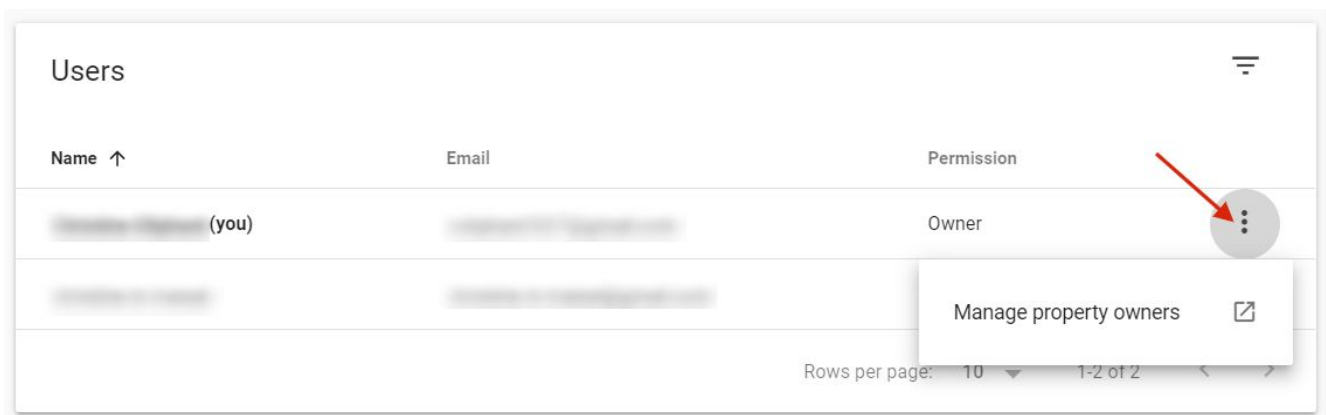

Step 3: Once you login, you will be inside the dashboard and notice a menu on the left hand side of your screen. Scroll towards the bottom of the menu and click Settings

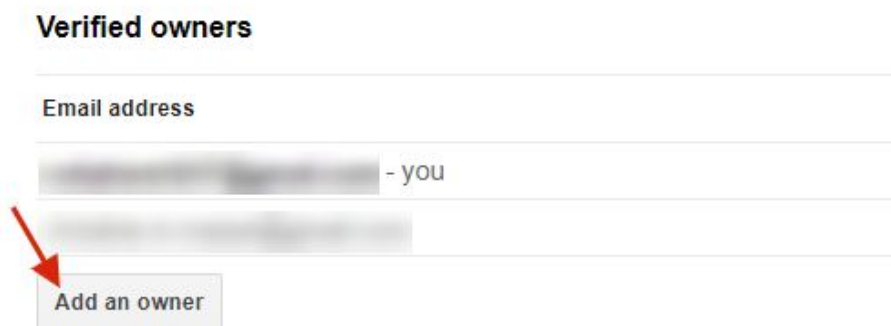

Step 4: Under the Property Settings section, click on Users and Permissions

Step 5: At the end of the row with the owner's name, click the 3 dots and then select Manage Property Owners.

Step 6: Google Webmaster Central will open in a new window. At the very bottom, under the Verified Owners section, click on the small, gray button that says Add an Owner, enter the gmail address of the user you wish to add and click the Continue button.

That's It! You have successfully added a new owner!
